The Charities:

Great North Air Ambulance Service

The Great North Air Ambulance Service (GNAAS) operates 3 helicopters which are based at Durham Tees Valley Airport and Langwathby, near Penrith in Cumbria. From these locations they are able to fly anywhere in the region

It has been proven time and time again that helicopters are vital for the transportation of time-critical injured or ill patients to specialising hospitals, and it is the aim of GNAAS to provide the people of the North East with the best quality care available to them as quick as possible

Without fundraising the charity could not continue to operate the air ambulance, so all help is needed.

Seb & Olivia's Den (Sensory Room)

We will still be supporting and promoting Seb & Olivia's Den which is a sensory room in memory for 2 very special children who sadly passed away. The Den is very popular and the team are now creating a memory garden and looking to create a second sensory room within the centre.
